

## **LOCK-DOWN LOCKS**

### **COVID-19 SERIES**

Has a ring to it right?!

Struggling to come to terms with not getting your weekly or monthly Hair cut?

It must be driving you mad, I know it is for us as barbers but as we struggle with not being able to do what we love to do, which is cutting and chatting with you our clients, nothing pains us more than seeing someone mess up their locks with a terrible home cut. That great shape and style that we took so long to create together... ruined! (we have all seen the crazy home haircuts on Instagram and FB as I'm sure you have too...

Don't be that guy!)

Put the clippers down people, you will regret it!

To put things into perspective and think outside the box... have you thought about changing your look? Maybe use this lockdown to focus on changing up your hairstyle and face fuzz? Especially with all that length now, you have options.

We suggest talking to your barber via phone, social media or email about how you're coping with your hair struggles, you can use Pinterest to look for styles and send it to us your barbers. We can have a consultation for the future, we can advise and guide you in blow-drying and styling your hair and the products you can use at home or purchase online that will up your hairstyling game and hopefully help you in taming your mane, remember we are only a message away.

At Jackrabbits we pride ourselves on having that relationship with our client's so, please..... I beg.... put down the clippers and pick up the phone .... shoot us a message and we will be happy to guide and consult you with tips on how to style and maintain a tidy hairstyle until we can PROFESSIONALLY cut your hair.

Looking forward to seeing you soon.
